Supportive Services for Veteran Families

Shallow Subsidy Program

The SSVF Shallow Subsidy Initiative Provides rental assistance to low-income Veteran households (HH) single or veterans with families who are currently enrolled or are still eligible for traditional SSVF services and remain rent burdened. These Veteran HH would benefit from a longer-term rental assistance to maintain their permanent housing. Shallow Subsidy will provide rental assistance payments directly to landlords on behalf of the Veteran HH for up to two years. Shallow Subsidy (SS) will provide low case management services to assist Veteran HH in maintaining their housing stability. All Veteran HH who receive the SS will be connected to our benefit counselors and many will be offered employment support via programs such as Homeless Veterans Reintegration Program and/or local employment support agencies for collaborative case management.
